

## READ ME DOCUMENT FOR EPSDT SUMMARY TABLES, SMALL COUNTIES VERSION

Due to HIPAA privacy rules, the data for small counties (population less than 20,000) has been blanked out. Their data is included in the statewide and regional totals. There are subtotals for "Small Counties" in the county tables and "Superior Small Counties" and "Central Small Counties" in the regional tables.

The small counties are: Alpine, Colusa, Inyo, Mariposa, Modoc, Mono, Sierra and Trinity. These counties may request to see their own data if desired.
